1	Very valuable.
2	It may be of some value.
3	Probqibly not.
4	VERY. THE POWERPOINT FOR PPUBLIC SAFETY COURSE BY THOMAS MANSON WOULD BE A GREAT ADDITION
5	Valuable
6	Medium
7	LOW
8	depends on availability of courses
9	Very valuable
10	I think it would be another tool that we could use.
11	This would be valuable. It would require WA to train 1 or 2 individuals (on contract) who then pass info on to instructors.
12	this would be a great tool for law enforcement instructors. Some folks are still old school, and teach from a book/reading... this would benefit those folks greatly!
13	minimal
14	Very
15	It would benefit us in the islands, being remote from the states, yes, video, electronic device is the future way to go
16	?
17	Very Valuable
18	yes
	WE HAVE A SIMILIAR COURSE OFFERED THROUGH OUR LAW ENFORCEMENT TRAINING PROGRAM

19	AND IT WOULD BE A DUPLICATION.
20	yes, I believe it would be a great learning experience but with the travel restrictions, I would question how many would be able to attend in this fiscal environment.
21	Very
22	This is an issue we deal with daily, it would be very productive and would be well accepted.
23	very valuable for multitude of programs
24	We would participate; further on question 7, we prefer to send to Nevada I.D. and use the MPOC for tactical training, much better way to do it.
25	Very valuable to training our officers for our advanced training academy.
26	Very - Restrictions upon travel will limit States ability. NASBLA must consider sending instructors to the States.
27	It would increase available training to augement the basic skill levels.
28	Very valuable.
29	Valuable....4 on a 5 scale
30	Somewhat valuable as we are limited in our ability to provide those technologies to our instructors.
31	I think this would be a great training. However, unless the program can be brought to or taught by state personnel, it would be difficult to get many officers to the training with out of state travel limitations.
32	Very valuable
33	I would agree to the concept. I would help.
34	No value.
35	Valuable
36	Very valuable.
37	I think it would be valuable but since we don't have mandatory education or a classroom based education program, I'm not sure that we would participate in this training.
